

Brass Manifold with Flowmeter Technical Data

Overall height of manifold is 350mm.

Overall depth of complete unit is 140mm

See below individual length of each complete manifold/pump unit (in mm)

2 way	3 way	4 way	5 way	6 way	7 way	8 way	9 way	10 way	11 way	12 way
426	476	526	576	626	676	726	776	826	876	926

See below individual length of manifold **ONLY** (in mm)

2 way	3 way	4 way	5 way	6 way	7 way	8 way	9 way	10 way	11 way	12 way
106	156	206	256	306	356	406	456	506	556	606

Specification

1 Surface treatment:Nature、Nickel-plated

2 Media:Water with corrosion inhibitors present

3 Maximun working pressure:10Bar

4 Maximun working temperature:0~95
